

IF connection is to Picstar IF board T1  
 Primary (coax from this board) 3 turns  
 Secondary (amp input) 10 turns  
 ie: bidir. J310 amp on IF board now has  
 symmetrical 50ohm input and output.

**TrxAVR - Picastar**  
**4 x J310 IF amplifier**  
 for use with PA3AKE front end

Ian Sumner, G3VPX January 2010

Transformers T1, T2 and RFC1 are as described in the  
 Picastar documentation, parts 16 and 17.
